THE FOREST

COUNTRY CLUB

6100 Club Boulevard SW
Fort Myers, FL 33908

For the seventh year, The OneDigital Sunrise Rotary Pro-Am will be played at The Forest, one of the leading private courses in the area. Established in 1979, The Forest features tree-lined fairways, expansive greens, and miles of lakes and streams.

The Format

fmsunriserotary.com

Each group consists of four amateurs and one professional.

PROFESSIONAL

Professionals are playing head-to-head, as they try to shake off the rust in one of the early tournaments of the season.

The 2022 tournament will feature tough competition, as we continue to draw some of the best local pros, as well as regional pros from the PGA and LPGA.

A \$3,000 purse, split among the top ten finishers creates some serious competition, but pros are always willing to share a few tips.

Pro registration is included in the amateur sponsorship. Pros should contact us now to reserve their spot in the tournament.

Professional Golfers Needed! \$3,000 Purse

We are seeking 32 golf professionals to compete in a head-to-head contest. The event will be held on May 13, 2022 at The Forest Country Club. Four amateur golfers are paired with a PGA or LPGA professional golfer. The pros go head-to-head for a \$3,000 cash purse. The amateur teams compete in a scramble, and the top Pro-Am team will also be recognized for the best round. Pros are also welcome to form an amateur team to accompany them. Registration for the amateur tournament is \$600 per team.

AMATEURS

If you're playing in one tournament this year, it has to be the OneDigital Sunrise Rotary Pro-Am.

Amateurs play a traditional scramble. Each team can purchase up to 16 mulligans and 1 yard stick. Manage those mulligans, and make strategic use of 36 inches of gimmies, and see if you can beat the tournament record.

Bring a ringer - you need to post a 47 to hold the title.

A registration for four amateurs and one professional, with raffles, mulligans and yard stick for \$800.

Tournament Beneficiaries

fmsunriserotary.com

Eighty percent of the net proceeds of the tournament will be split between Take Stock in Children by The Foundation for Lee County Public Schools, Inc. and De LaSalle Academy (Sponsors may direct their contribution to either program, or split them equally). Twenty percent of the net proceeds benefit the Sunrise Rotary Fort Myers charitable missions in Lee County and throughout the world. In 2019, \$11,000 of the tournament proceeds were added to our mission fund.

Take Stock in Children

was established in 1995 as a non-profit organization in Florida that provides a unique opportunity for low-income and at-risk students to escape the cycle of poverty through education. Take Stock offers students college scholarships, caring volunteer mentors, and hope for a better life.

Each student who enters the program signs a contract promising to remain crime and drug-free, maintain a 2.5 GPA and above, exhibit good behavior, and meet with their assigned mentor regularly through high school graduation. Upon graduation, students receive a 4-year college tuition scholarship. Take Stock in Children staff meet with students in the program each semester to ensure students have the resources they need to complete school. Student grades are tracked quarterly and immediate intervention is provided should students show signs of academic decline. The Foundation's comprehensive services start in middle school, continue through high school and include their transition into college. This program is funded through a unique public-private fundraising model, and the mentors generously volunteer their services to the children.

The Foundation

Since the inception of the Sunrise Rotary Pro-Am over \$100,000 of the money raised has been donated to The Foundation for Lee County Public Schools for use in the Take Stock in Children Program.

Your contribution is matched by a fund provided through the State legislature. The tournament raised over \$40,000 for the program in 2020.

De LaSalle offers a rigorous academic program for students who learn differently.

De LaSalle Academy educates children with special needs, providing a safe, supportive, and nurturing environment, where each student's diverse ability is honored and valued.

Students are assessed to identify their specific strengths and weaknesses. Class placement, resources, and goals are determined based on the student's profile.

Modifications to the educational program may include changes in curriculum, supplemental materials or equipment, and the provision of specialized physical adaptations that fully allow students to participate in the educational environment. Our students are presented with materials in a manner that closely matches their individual learning styles. Supplemental materials are carefully researched and incorporated to enhance student learning.

School faculty works collaboratively to develop a Student Support Plan for each student annually. This plan outlines the profile of the learner and highlights the supports that are employed to help that student achieve academic success.

Experience the De LaSalle Difference

- A full curriculum emphasizing both group and individual instruction
- Nurturing relationships between students and teachers
- Age appropriate grouping
- Supplemental materials and instructional approaches designed to match each student's learning style
- Technology integrated throughout the curriculum
- High academic expectations
